PRIMARY FEATURES

TP-L4B

The perfect utility laser for those in search of high accuracy at an economical price.

TP-L4B Red Beam Pipe Laser

Topcon's TP-L4B is the perfect entry-level utility laser for those in search of high accuracy and great features at an economical price.

The TP-L4B provides automatic line centering and grade zeroing, along with the incredible accuracy you expect in a Topcon pipe laser, all with a bright, perfectly round red beam.

Most Accurate/Repeatable Encoder Leveling System

Topcon's revolutionary encoding system provides the highest grade repeatability, 5 arc seconds, of any other laser! No one even comes close. Setup after setup, time after time, you're always right on grade!

Easy-to-see Display

The large, backlit LCD is sloped so you can easily see the panel without climbing into the manhole or trench. Safer, faster, better.

Functional Accessibility Anywhere

The RC-200 remote puts all of the features at your fingertips whether you're at the laser or up to 660 ft. away.

Tough and Reliable

A utility laser has to meet the demands of tough jobsite conditions, and Topcon's TP-L4B is by far the toughest. Its all cast-aluminum housing is sealed to keep out moisture, even when submerged. It survives even in the harshest environments.

Array of Power Management Choices

- Rechargeable battery
- Convenient 6 hour quick charge
- 12Vdc connection powers the laser and recharges the battery at the same time
- Alkaline battery pack option

KIT COMPONENTS

Complete System Components
